Education

MASAI

2025

Frontend Web Developer

- **Relevant Coursework:** HTML5, CSS3, JavaScript, React, Git, GitHub

BR GYAN DEEP

June 2022

Secondary School

Mahendragarh, Haryana

- **Relevant Coursework:** Physics, Chemistry, Math

Projects

Movie App

Live Demo | GitHub Repo

React, Tailwind CSS, JavaScript

- A modern platform to explore, search, and discover trending movies and TV series.
- Built using React.js with API integration for real-time data fetching.
- Features include:
 - 3 - Movie TV Show Database
 - Latest Popular Movies/TV Shows
 - Genre Categorization
 - Movie Show Details (Title, Synopsis, Release Date, Ratings, Cast, Trailer, etc.)
 - Episodes Seasons Management

Hotel Booking System

Live Demo | GitHub Repo

HTML5, CSS3, React, JavaScript

- A modern and user-friendly platform for seamless hotel reservations.
- Built with React.js and integrated with Firebase.
- Features include:
 - Hotel Search Filtering
 - Search by Location, Hotel Name, or Keywords
 - Filters (Price, Star Rating, Amenities, Room Type, Distance, Reviews, etc.)
 - Sorting (Lowest Price, Highest Rating, Popularity, Latest Deals)

Crime Portal

Live Demo | GitHub Repo

HTML5, JavaScript, React, Tailwind

- Developed a crime reporting and management system to streamline crime reporting and tracking.
- Implemented user authentication and role-based access for citizens, police officers, and admins.
- Citizens can report crimes, track complaint status, and communicate with officials.
- Police officials can update case progress, assign officers, and generate reports.
- Admin dashboard with crime analytics and data visualization using charts.
- Fully responsive UI for seamless experience across devices.

Technical Skills

🔧 **Languages:** JavaScript, HTML5, CSS3

🔧 **Libraries/Frameworks:** React, Redux

🔧 **Tools:** Git, Firebase, Tailwind CSS

Soft Skills

- **Time Management** - Efficiently manages time to meet deadlines and prioritize tasks.
- **Teamwork** - Works collaboratively in team environments, ensuring effective communication and coordination.
- **Problem Solving** - Thinks analytically and resolves issues efficiently with innovative solutions.
- **Effective Communication** - Expresses ideas clearly and concisely, both in writing and verbally.
